Remarks

Nothing to do but move into this freshly remodeled 3-bedroom 2.5-bath home steps from the commuter rail, elementary school and all Linden Square has to offer. With three levels of finished space this home has the modern luxuries you crave while preserving the charms of a 1926 home. The fireplaced living room bursts with details like wainscoting, crown molding, built-ins, and double French doors leading to a sun-drenched sitting room. The front to back kitchen/dining is clean and bright with custom cabinets, granite countertops and stainless steel appliances. A mudroom with built-in cubbies and a half bath round out the first floor. The second floor boasts a spacious master suite with walk in closet and luxurious master bath; as well as two additional bedrooms and a family bath. Finished lower level allows for a playroom, rec room or additional living space. The backyard has great space for play, gardening and a stone patio perfect for relaxing and entertaining.
